

My forever

She ain't a pickup line or one night stand for pleasure
Can't remember who I was before I met her
We seen it all, through all kinds of weather
She's the rock in my life She's my forever

Chorus

She a once in a lifetime girl
She's the center of my world
With her I am more, she makes me so much better
She's my forever

She's got a heart of gold and love that's amazing
She's gives me hope for the dreams I'm chasing
When things fall apart she keeps it together
she's stronger than me she's my forever

Chorus

She a once in a lifetime girl
She's the center of my world
With her I am more she makes me so much better
She's my forever

Bridge

Life was a struggle before I met her
Now it seems like an adventure
God what would I do without her

She my forever

Chorus

She a once in a lifetime girl
She's the center of my world
With her I am more, she makes me so much better
Shes my forever.....Shes my forever
